POWERS ANXIOUS TO KNOW JAP'S TERMS

They Want Figures Placed As Low as Possible.

WILL MEET IN WASHINGTON

If Japan Demands a Large Cash Indemnity It Would Seriously Embarrass St. Petersburg Government at this Time.

Washington, June 16.—Official announcement is made that Washington has been selected as the location of the peace conference.

The announcement came in the form of an official statement issued by Secretary Loeb by direction of the president. The statement follows:

"When the two governments were unable to agree upon either Che Foo, or Paris, the president suggested The Hague, but both governments have now requested that Washington be chosen as the place of the meeting and the president has accordingly formally notified both governments that Washington will be so selected.

Washington, June 16.—Pressure is being brought to bear on Japan to induce her to fix the sum she will demand as an indemnity for the pending war at as low a figure in cash as is possible under the circumstances. This pressure is being exerted and especially by European governments, but President Roosevelt, it is intimated in an important quarter, also has advised the Japanese government that moderation in her demand for a cash indemnity not only would facilitate the negotiation of peace terms, but would be regarded by the powers with particular favor. The payment by Russia of any such cash indemnity as a billion dollars not only would embarrass seriously the St. Petersburg government, but probably would disturb the finances of the entire western world. Indeed, it has been suggested that such a payment to all intents and purposes, might render Russia a practical bankrupt.

The opinions and views of the United States and other powers on this subject have been permitted to reach the principal advisers of the Japanese emperor.

Some discussion of cash indemnity as has occurred, has been merely suggestive of conditions likely to be encountered by Japan when she shall formulate her peace terms. Thus far, the Japanese government has refrained from indicating the precise form of her terms as it is not her purpose, naturally, to forearm the shrewd and powerful antagonist which she is to meet on the field of diplomacy.

Russians Want a Zemsky Zobor.

St. Petersburg, June 16.—The Liberal newspapers are taking the decision of the government to make the best terms possible out of the acceptance are offered a surrender and are following up their advantage by redoubling their demands for a representative assembly arguing that the bureaucracy which has proved its incompetence to make war successfully is equally incapable of concluding a creditable peace. The Russ, now the leader of the constitutionalist papers, declares that the government without the people's support is impotent to continue the war and will be compelled to accept any terms. Only a national assembly, it insists, can now save the situation because only with the sanction of the people can exorbitant conditions be successfully resisted.

Even the reactionary Sviet is carried off its feet by the tide and the people are asking for a Zemsky Zobor. The Sviet, however, does not ask for a Zemsky Zobor in order to make peace, but to secure the support of the people to continue the war.

Husbands and Wifes Fight.

Atlanta, June 16—There was a four-cornered fight in a flat at 504½ Decatur street in which W. A. Buchanan and his wife fought a pitched battle with R. S. Hudson and wife. The result was that Mrs. Buchanan had to be taken to the Grady hospital and the two husbands were locked up at the police barracks.

"LITTLE ITALY" SCENE OF RIOT.

As Sequel to Street Fight Several Are Wounded by Pistol Shots.

New York, June 16.—It a riot at Second avenue and One Hundred and Fifteenth street, one man has been fatally wounded ad two others seriously shot. Twenty shots were exchanged in the street before the police arrived.

All the participants were foreigners, the scene of the riot being known as Harlem's Little Italy.

A little 19-year-old boy started the trouble. He got into a fight and was being worsted when a friend ran to his home and warned the fighter's 16-year-old brother, The latter loaded up two revolvers and sallied forth. Approaching the crowd which had gathered to witness his brother's discomfiture, the youngster unlimbered both revolvers and fired. One man in the crowd fell and the rest scattered. He then beat his brother's opponent over the head and wounded him with another shot.

By this time the crowd had plucked up courage and rushed back.

The shooter calmly boarded a wagon and forced the owner to drive away while he sat on the rear end shooting at his pursuers.

Several of them fired back, and the police were astonished that several persons were not killed.

The boy's ammunition gave out. He was dragged from the wagon and the crowd was trampling him under foot when the police arrived.

Knives were drawn by the infuriated crowd and even after the police had surrounded the boy's prostrate form they had to batter many heads.

Nearly a hundred cuts were found on his body, many of them to the bone and one piercing the lung.

WEDDING OF ROYAL COUPLE.

Princess Margaret of England Marries Swedish Prince Adolphus.

Windsor, Eng., June 16.—Windsor, the scene of many historic events, particularly during the reign of the late Queen Victoria, was in holday attire today for the wedding of Princess Margaret, of Conneaught, eldest daughter of the Duke of Conneaught, to Prince Gustavus Adolphus, eldest son of the crown prince of Sweden, all the arrangements for which were made under the personal direction of King Edward.

Throughout the morning an expression of royal trains proceeded from London to Windsor bearing representatives of most of the royal families of Europe and forming one of the most imposing gatherings since the king's coronation.

Shortly after the guests were seated the bridegroom made his appearance, accompanied by his supporters, Princes Eugene and William of Sweden, with the gentlemen in attendance.

The bride, on the arm of her father, passed from the castle to the chapel. She was met at the entrance by the lord chamberlain and the bridesmaids. The party passed up the aisle preceded by the choir singing "When the God of Old" to the chancel, where a quarter of a century ago the bride's mother and father went through the same ceremony. The Archbishop of Canterbury assisted by the bishop of Oxford, and others, read the simple service of the Church of England.

Norway Sends Congratulations.

Christiana, June 16.—Flagz are flying today from all public and many other buildings in Christiana in honor of the weding at Windsor of Prince Gustavus Adolphus to Princess Margaret, of Conenaght. The storthing has decided to sends its congratulations to King Oscar and the bridal couple, addressing King Oscar as king of Sweden and Prince Gustavus Adolphus as Prince of Sweden.

Big Verdict Against Railroad.

New York, June —A verdict for $236,750 for the plaintiffs was given by a special jury in the supreme court in the suit brought by the Industrial and General Trust, limited, of London, against J. Kennedy Todd and other defendants as members of the reorganization committee of the Birmingham, Sheffield and Tennessee Railroad company. The case has been in the courts for several years.

VETERANS MARCH IN GREAT PARADE

Old Soldiers Having The Time Of Their Lives.

REUNION OF BLUE AND GRAY

Men Who Faced Each Other In Bloody War Meet as Brothers—New Orleans Will, no Doubt, Secure the Next Confederate Reunion.

Louisville, Ky., June 16.—With a determination to finish the business of the United Confederate Veterans' today so that the old soldiers will have nothing to do but to prepare for tomorrow's parade and continue having a good time, the old soldies were present in goodly numbers at the horse show building when the convention was called to order by the commander-in-chief, General Lee.

There was considerable discussion among the delegates in the hall as to the meeting place for next year's reunion, but sentiment seemed to favor Nw Orleans. Nashville is out for the honor of entertaining the veterans, but the New Orleans delegation claims to have split the Tennessee camps and to have secured with their aid, enough votes to secure the meeting.

Should the reunion go to New Orleans, it will probably be with the promise that the reunion of 1907 shall be held in Richmond, Va. Richmond has not entertained a reunion for many years, and a number of delegates from Virginia have extended an invitation to the veterans and it is confidently believed that Richmond will be host in 1907. Atlanta is already pleading for the meeting of 1908.

A remarkable reunion of the blue and gray took place when a general of the Confederacy and a general of the United States army met after more than 40 years and embraced each other in the joy of fellowship. It was one of the most touching incidents of the reunion.

"The sentiment of the thing it, I think," said one of them, "that the hearts of those who wore the blue are bound to the hearts of those who wore the gray with ties that nothing but death can break."

On the afternoon of Sept. 1, 1864, a Michigan regiment under the command of Henry R. Misner, now a brigadier general, U. S. A., retired, stormed the confederate fortifications at Jonesboro, Ga., and after a rapid charge captured the battery and General D. C. Govan, who was in charge. The next morning the two commanders met and talked over the events of the day before. At the residence of John C. Davidson, in this city, these two veterans met again for the first time in 41 years. The meeting had been arranged ,and it could not have been more cordial or affecting had the men been brothers.

The first business of the convention today after the invocation which was by Rev. James P. Smith, of Richmond, Va., one of the two surviving staff officers of Stonewall Jackson, was the reading of the report of the committee on credentials. As there were no contests, this matter was quickly disposed of. There was considerable confusion among the delegates and General Lee took the veterans sharply to task for delaying the business of the convention. Business was about to be resumed when the arrival of a drum corps with fifes playing "Dixie" set the veterans wild. Quiet was restored, but only momentarily, as the drum corps marched out and a few minutes later re-appeared, escorting a group of sponsors to the platform.

The report of the history committee was then submitted by General Evans, of Georgia, its chairman. The object of the committee is to secure accurate history which is to be incorporated in th etext books in Southern schools. The report says, in part:

"During the first two decades after the surrender an effort was evidently made to cast the general record of the Southern states into an opprobrious shadow and also to infect the minds of the youth of the entire country with the opinion that there was nothing noble, nothing true, nothing good in the confederate cause. These attempted perversions of history were resented, but the South was without facilities for reaching by any kind of literature the masses of their countrymen of the northern states to correct the errors into which they were led. Therefore unfair history and other pernicious publications gained entrance into the schools and homes of nearly every section north and south, and a disastrous inflammation of the sectional spirit was the result. The protest of confederate associations has caused investigations which resulted in the appaling discovery that the South was permitting its sons and daughters to be taught that the gross charges against the Southern people of rebellion, treason and war atrocities and the like, were historical facts. This discovery was followed by appeals to boards of education and other civil authorities, to southern self-respect and to honorable publishers with a result that the most offensive of the false histories have been driven from Southern schools. This conference body has been pleased by the changed attitude of many Northern leaders and honorable publishers and will welcome their alliance in the production of literature which shall be just and generous to every section of the union. Sincere co-operation among those who desire impartial history which will inspire all citizens of our country with similar patriotic spirit is a consummation most earnestly sought for by this association especially is this desirable in all histories of that strife which was the greatest American war. May not the story of that struggle be told with fairness to both sections? On the part of the south there is nothing to fear from truthful history. We ask for historical generosity and will give as much without stint. The report recommends that each state establish a department of archives and history.

The reading of the report caused great enthusiasm. An amendment by a member, Mr. Davenport, of Americus, Ga., that the future histories show that Jefferson Davis was cruelly treated and unnecessarily shackled, was accepted, and the report adopted.

CLAIMS $20,000,000 ESTATE.

New York Woman Seeking to Establish Her Legal Rights.

New York, June 16.—Seeking to establish her claim to a $20,000,000 estate which includes a track a mile and a half long and a half mile wide through the heart of the City of Quebec, and eight acres of the famous Plains of Abraham, Mrs. Caroline Lambert Campbell, wife of William A. Campbell, an assistant superintendent of schools in Brooklyn, has engaged counsel to push her case in the Dominion courts. The property was escheated for three generations by the British government in 1760. In 1887 the privy council refused a joint application for representatives of the Catholic church, the Church of England, the citizens of Quebec asking that $190,000 held by the British government and collected as rentals should be equally divided between the two churches in Quebec.

The privy council, with the assent of Queen Victoria, decided that the heir would in time appear and that the property and its usufruct from the time the decree of escheat terminated in 1865, belonged to the heirs of Louis Joseph Lambert, who gave largely of his vast fortune to the French in the French and Indian war. When the English conquered, he was deprived of his estates and those of his wife, the Demoiselle Genevieve de Villeray, who inherited 150 acres in Quebec city from her father.

Young Boy Not Guilty.

Americus, Ga., June 16.—Grady Tarver, the young lad of 14 years who killed his school companion, young Augustus Oliver recently by a blow upon the head with a bat during a ball game, was acquitted this afternoon of the charge of murder. The case consumed nearly the entire day and was vigorously contested, while the court room was thronged with interested spectators. The verdict was very generally approved, the tragedy being regarded as an unfortunate and deplorable schoolboy affair.

SESSION OF CREDIT MEN IN ARKANSAS

Visit Cotton Ginnery; Also See Fleecy Staple Growing.

MUCH BUSINESS IS TRANSACTED

Senator Carmack, of Tennessee, Delivers Address Before the Meeting. Seeking To Improve Methods to Enable Them to Start Business.

Memphis, Tenn., June 16—Delegates to the convention of the National Association of Credit Men were astir early today in preparation for an outing in Arkansas. A special train left the Union station at 9 o'clock bearing the visitors to Menesha, Ark., as the guests of the Menesha Outing club. A stop was made at Clarksville, where a cotton gin was in full operation. The visitors also viewed a large field of growing cotton. The remainder of the morning was spent in hunting and fishing, and it was shortly before noon when President Standart called the convention to order in the Menesha Club house for its business session.

After the appointment of chairman of state delegations United States Senator E. W. Carmack, of Tennessee, was introduced. Senator Carmack referred to the work of the credit man as being most important and said that only a small number of people were in a position to appreciate the difficulties under which he labored.

Malcolm Graham, Jr., of New York, chairman of the investigation and prosecution committee, presented the report of that body. The committee urged the adoption by the convention of the following recommendations:

The first, that each local association create a prosecution fund on a guaranty or cash basis, as each may prefer and to administer the same.

Second, that the operation of this plan be co-operative and that the prosecution of fraudulent cases be conducted by the association nearest the point where the debtor is amenable to such prosecution.

Third, that the national association membership be classified with the local associations for the purpose solely of this work and their protection.

Fourth, that the total funds so created be known and designated as a national fund.

The report of the committee on improvement of mercantile agency service was presented by Chairman C. D. McLauren, of St. Paul, Minn.

The report says it appears that the two leading mercantile agencies do not maintain the same standard of service as their several branches, notwithstanding that a uniform price is charged, and authority is asked by the committee to make a thorough investigation of this matter and by an extended examination of the agency reports and an exhaustive comparison of the service rendered by the two agencies to determine which agency is giving the better service generally, and also as certain where the local branches of the association are suffering as a result of unsatisfactory agency service, to the end that the national association may exert its influence to a betterment of such conditions.

Killed in Auto Accident.

Lynn, Mass., June 15.—William Butler Woodbridge, a prominent Boston business man was killed in an automobile accident in Saugus today and a man named Wolf, of New York, was seriously injured. A. C. Childs and W. E. Taylor, of Boston, were shaken up but not seriously hurt. The accident was caused by the party mistaking a road in the dark and running into a barbed wire fence.

Former Justice Sent to Prison.

Flint, Mich., June 16.—For a statutory crime against 14-year-old Phoebe Fosdick, L. R. Willard, aged 63, former village clerk and justice of the peace at Clio, was Monday sentenced by Judge Wisner, to serve not less than three nor more than ten years in Jackson prison.

VOTING CONTEST ON. THE PUBLIC LIBRARY

It Is Getting Lively, Notwithstanding That It Is Yet Young.

FIRST REPORT ON SUNDAY

The Sun Will Publish Sunday Morning a Result of the Poll for the Week Just Closing, and Requests All Firms in Contest to Make Report.

The contest for the free public library is waxing warmer and warmer every day, and before readers of The Sun are aware it will be warmer than the weather, which is saying a great deal.

The library is a very fine one, consisting of more than 200 volumes and valued at $500. It comprises the works of the most favorite authors, is nicely preserved in case, and is worth the while of any society to secure.

It is astonishing at the interest this contest has assumed, even at this early period. Those who have seen the library appreciate its literary value, and are scrambling for votes by which it might become the property of the society or club of which he or she may belong. The contest has already become warm, and before the closing of the polls on October 14 it is safe to state that an enormous vote will be polled.

The votes will be counted weekly at the various polling places and published in The Sun on Sunday morning of each week. The most popular society, of which there are fifteen in the contest, will be given the library free of charge, and all societies are after this with a vim commendable. Ladies are soliciting votes for their respective societies and clubs, and before the contest ends it promises to be as interesting and warm as a summer campaign.

Merchants and business men who are issuing tickets are expected to count the ballots and make returns to The Sun not later than 6 o'clock each Saturday night while the contest is on. These votes will be counted and published in The Sun of Sunday morning, and by this means the public may keep posted as to the standing of the various contestants.

Please have your votes ready not later than 6 o'clock Saturday evening.

KING-WHITE NUPTIALS.

Marriage at Cedar Key of Popular Young Couple.

Cedar Key, June 14.—One of the most important social events of the season was the marriage of Miss Jennie White and Mr. Alfred L. King, which took place this morning at 4:30 o'clock at the residence of the bride, Rev. W. H. Steinmeyer officiating.

The wedding was a very quiet one—only a few relatives and intimate friends of the contracting parties being present. The bride is the daughter of Colonel and Mrs. W. R. White, and being one of Cedar Key's most popular young ladies, will be greatly missed in social and religious life.

The groom is a popular conductor of the Seaboard Air Line Railway, being a native of Alachua county. The bridal couple left on the 5 o'clock train for Waldo, where they will make their future home.

Miss Julia King of Waldo was in Cedar Key to-day in attendance upon the White-King wedding.

LYLE-MIXSON.

Marriage of These Young People as Seen and Noted by a Guest.

On Wednesday evening at 8 o'clock a pretty home wedding was solemnized at the residence of Mr. and Mrs. C. J. Mixson, when Mr. Ernest Lyle and Miss Georgea Mixson were made one.

The home was beautifully decorated in evergreens, moss, palms and pot plants. Promptly at the appointed time the Wedding March, under the skilful hand of Mr. Harry Pearce, announced the coming of the bridal party. First came Mr. Guy Mixson and Miss Rosalee Smith, next followed Mr. Fred McAteer and Miss Hassie Smith, then the bride and groom. The bride and groom stood under a beautiful bell of roses, which hung in a magnificent arch of evergreens and moss. The silken meshes were woven by Rev. S. B. Rogers, the Baptist minister, in a very impressive manner.

Immediately after the ceremony the happy couple received the congratulations of their relatives and friends, after which all were invited to the dining-room, where ice cream, cake and fruit were served in abundance. Only a few relatives and intimate friends were invited.

The bride was becomingly attired in white silk, rich lace and ribbons. The groom looked his best in a suit of black. The maid of honor, Miss Hassie Smith, wore white silk, and Miss Rosalee Smith wore white swiss. The best man, Mr. Fred McAteer, wore the conventional black, and Mr. Guy Mixson wore a suit of black.

The groom is an enterprising young man of Eve, where he is engaged in the phosphate business.

The bride is the only daughter of Mr. and Mrs. C. J. Mixson. She is a handsome and popular young lady and will be greatly missed by her many friends.

Thursday the happy couple took the noon train over the Atlantic Coast Line for Eve, which place they will make their home.

The presents were numerous and appropriate.

The best wishes and congratulations of their many friends are extended to the happy couple for a long, happy and prosperous married life. A GUEST.

Mr. Flewellen's Funeral.

The funeral of the late James R. Flewellen was held from the Methodist church Friday morning and, notwithstanding the hour, a large crowd was present to pay respect to the deceased. The Knights of Honor were present in a body and several members of the Daughters of the Confederacy attended the services, which were conducted by Rev. T. J. Nixon.

The interment was in Evergreen cemetery and many friends followed the remains to their last resting place. The services at the grave were impressive and those who were present will ever remember the last words said over the grave of their departed friend.

Killed by His Own Gun.

Valdosta, Ga., June 16.—James B. Sanders, a prominent merchant of Remerton, was accidentally killed by his rifle, which was discharged while he was coming from a tree on the Withlacoochee river, where he had been shooting from. He and his son went to the river and he was fixing to come down and go home. He handed his rifle to his son, holding the muzzle toward himself. As the young man pulled the rifle through the limbs of the tree, the hammer caught and it was discharged, the steel bullet passing through Sanders' body and he fell to the ground, expiring almost instantly.

After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhœa resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Frances Kingsley

Vice-Pres., Chicago Historical Club.

How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and secure a $1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. ...Districts Created of Wille... ...d and Newberry Districts.

SPECIAL DISTRICT ACCOUNTS

Hereafter All Special District Accounts Will Be Paid From Special Funds, and If Money is Not There There Will Be Nothing Doing.

The Board of Public Instruction of Alachua county met in special session Friday for the purpose of receiving the report of the grading committee and canvassing the returns of the Newberry and Willeford special school districts.

After canvassing the returns of the special election for these districts, the board found that the majority were for a special district and so declared in each case.

The report of the grading committee on the recent examinations in this city of applicants for teachers' positions was received and accepted. The report showed that twenty-four out of thirty-two applicants had passed a successful examination for the respective grades, as follows: First grade, three; second grade, nine; third grade, twelve. Of these twenty-three were white, one colored.

The board decided that hereafter all special district accounts will be kept strictly separate from the common school account after July 1, which will be the beginning of the next scholastic year. Separate warrant books will be used for each special school district, which will be drawn from these district funds when funds are apparent.

It was intended to appoint teachers at this meeting, but this was deferred until a later date.

THE PUBLIC BUILDING.

Postmaster Arnow Received Letter From Senator Taliaferro.

Postmaster Arnow, as well as other public officials, has been flooded with questions from a curious public for the past few weeks in regard to the progress being made in the matter of the proposed public building at Gainesville, the status of the situation, etc.

In order that he might have some definite answer to make to these inquiries, Postmaster Arnow wrote Senator Taliaferro in the matter and received in substance the following reply:

"The House failed to pass the omnibus public building bill containing the Gainesville item, and no independent measure passed with a provision for Gainesville, so that the status is the same as it was—$35,000, the original appropriation, being available for the work. It is our purpose to take care of Gainesville in the first public building bill that is introduced, but as a matter of course it is impossible for me to say in advance what can be done."

The people may rest assured that the Senators and Congressmen at the National Capitol will do all in their power for an increase in the appropriation, which they, as well as we, realize is a necessity. There is one thing certain, and that is that the building will be erected even should no further appropriation be secured, and $35,000 will erect a fine structure.

THE HOSPITAL BUILDING.

Plans Are About Completed and Construction Will Soon Begin.

The plans for the buildings of the Gainesville and Alachua County Hospital Association are about completed, and it is expected that work will begin on the structures within the next thirty days.

The buildings will be modern in every way, particularly adapted for the purposes for which they are intended. The architect, A. B. Gilkes, Jacksonville, is regarded as one of the finest and most competent in the South, and he has taken especial pains in the drawing of these plans.

The hospital will be located on the property recently purchased by the association, West Gainesville, between West Masonic and West Magnolia streets.

CONSUMPTION

Made in the Golden Sunlight

It is conceded by the highest authorities that the soda cracker contains the life-giving elements of wheat in the best proportions.

This being so, then **Uneeda Biscuit** must at once take first place as the food of the world—a soda cracker, but such a soda cracker! Made by exact science in sunny bakeries so light, bright and clean, that they are a revelation. The flour is tested; the purity of the water is absolutely assured; the very air is filtered,—why even the temperature and moisture of the atmosphere is accurately regulated. The sponge is kneaded by polished paddles, not by hand. Indeed, **Uneeda Biscuit** are only touched once, and then by a pretty girl, from the time the flour leaves the bag until the beautiful package is placed on your table.

You ask why all this work, all this care in the making of a soda cracker? Because the soda cracker is the best of all food and **Uneeda Biscuit** is the most wonderful of all soda crackers. And with all of it the price is only 5¢ a package.

INDEPENDENCE CELEBRATION.

People of North Gainesville Will Have a Grand Picnic on Fourth of July.

The people of North Gainesville are a patriotic set if they are anything. They never believe in doing things half way, and at a recent meeting decided to celebrate the Glorious Fourth in a manner befitting the occasion.

There was a great deal of enthusiastic patriotism manifested at this meeting. The North Gainesville folks are Americans, and they propose to demonstrate this fact on the Nation's birthday, when all are invited to join with them in a big feast of good things to eat and drink. There will also be games and athletic sports, and in all, the day will be one long to be remembered by those who will participate.

Death of J. J. Godwin.

Information reached this city Friday of the death of J. J. Godwin at his home in Micanopy, which occurred during early Friday morning of Bright's disease. One of the saddest features of the death was the passing away of his dear mother only a couple of days before.

Deceased was about forty years of age and was unmarried. His remains will probably be taken to his old home in Cerro Gordo, N. C., where the body of his mother will be interred today.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

Geo. W. Scofield, Attorney.

George W. Scofield of Bell, a graduate of the Stetson University law school, has opened an office in the rooms recently vacated by Sternberger & Phillips on West Main street, North, where he will commence the practice of law. Mr. Scofield is a young man of pleasing appearance, and will no doubt prosper in his chosen profession. He is quite well acquainted in this section and an admirer of Gainesville.

In a conversation regarding the location of the University of Florida, he said he favored Gainesville, and he also said that in many places he had visited the same sentiment was generally expressed.

The consensus of opinion in the State seems to be in favor of Gainesville as the Athens.

Mrs. Mary Rogers, who is in the Windsor, Vt., jail awaiting the death sentence of the court, will be hanged next week.

Miss Ellen Stone seems to be quite vindictive. She has returned to the Balkans and threatens to deliver her lecture to the men who captured her.

Hon. Hunt Harris is credited with talking the State insurance bill to death, thus saving the people from being talked to death on the subject of insurance.

The special committee to examine and inspect and report to the next Legislature upon the State Hospital for the Insane, is as follows: S. B. Cameron of Bartow, M. P. Quarterman of Quincy, Dr. Louis D. E. M. Blocker of Pensacola.

A man who was too tender-hearted to whip his children for playing with matches burned the ends of their fingers so as to maim them for life. Such demonstrations of humane feelings are indeed too contemptible to pass without recognition by the law.

There are some people who are such chronic kickers that we venture to say that when Gabriel blows his trumpet and they awaken in glory, they will be so dissatisfied with the color scheme of the decorations that they will ask to be allowed to continue their slumber.

According to Rider Haggard, who is in this country looking up the social conditions of the country, the poor people of Colorado get what is considered in England a good wage, but the cost of living is so high they have none of the conveniences, comforts or money.

The Buckman bill has done a fine stroke of business for the independent colleges of the State and many people will prefer to send their children to those institutions of learning rather than get them started in a school that is liable to be abolished by some penny-wise movement.

A bomb may eventually be successful in annihilating Mr. Fairbanks, but it would take an expert to touch his willowy frame with a bullet.—The Pensacola Journal.] We have always considered the editor of The Journal too loyal a citizen to express such anarchistic sentiments.

The irony of some people in regard to the salary of the Governor being raised is not in good taste. The man who is competent to fill the Governor's chair of the State of Florida should be paid a salary sufficient to remunerate him for the attention necessarily demanded by that high office.

The many good words spoken in favor of Gainesville by the State press are highly appreciated and The Sun is deeply grateful for every word of commendation. The past record of our city stands without one mark of demerit. Our people have always been united on the subject of education.

ABOUT FLORIDA LAND.

The great trouble with many who are engaged in farming in Florida, is that they try to do all of it in one season, and are often impressed too strongly with the get-rich-quick idea.

There is as good land in this State as can be found anywhere, said a progressive farmer to The Sun a few days ago, but the fault lies with the tillers of the soil quite largely. Some people kill their land by fertilizing too heavily, while others make the very common error of plowing land late in July and August, and turn over the soil so that the hot sun bakes the life out of it. The exercise of judgment in these matters will be of benefit to all.

The complaint is often heard, and is sent out broadcast over the land, that there are no forage crops in Florida. This is not true, as we have pindars (peanuts) that make a good crop and the vines are excellent feed for a horse, while we have crabgrass and beggar-weed, any one of which have been tried and found to be good.

By rising good judgment there is always an opportunity for a farmer to get one crop to market by the 1st of June, and he can then use the land again for other crops that he may wish. Many farmers make as much money on five acres of cucumbers well cared for as they would on 25 acres not properly attended, and the main point is in shipping none but first-class goods in packages marked "first-class."

Those who come to Florida to buy land for farming should look around and not take the word of any dealer they happen to meet who has land for sale. There are honest men engaged in farming in this and adjoining counties who will cheerfully give correct advice to any who may be looking for a location, and when you get such lands you must be able to exercise the necessary judgment in cultivating it.

There is room in Florida for thousands of good farmers where they can realize as much per acre from land as in any State in the Union and buy the land cheap.

STATE PRESS CLIPPINGS.

The strong tide of public opinion should land the University of Florida at Gainesville.—Bartow Courier-Informant.

The esteemed Gainesville Sun is making a vigorous fight for the location of the State University in that city. When it comes to a showdown Gainesville will "skin" Lake City.—West Palm Beach Sun.

The Lake City College is just about sufficiently equipped for the deaf, dumb and blind, and it would be an excellent location. Give Lake City this school, Gainesville the University, Tallahassee the female college and Bartow the negro school, and this will come very near settling the row and, at the same time, will as near as possible scatter the institutions equally over the State.—Jasper Banner of Liberty.

The Georgia cantaloupe crop has begun to ripen and will soon be in the market and the Florida crop will soon be gone. The crop from Colorado will be next, followed by the Indiana and Illinois products. It has come to be a great industry and every year the demand is greater for these toothsome relishes at breakfast.

College girls are employed as waitresses at the Young Women's Association Building at the Portland Exposition. This will no doubt attract many young men there for their meals.

If Bigelow's son could be sent to a retreat for the feeble-minded, the matter would be squared up pretty well.

Race Track Admmission Reduced.

New York, June 16.—Efforts to procure $3 from the public admission to the Metropolitan Race tracks will, according to the World, be abandoned after the midsummer meeting at Brighton Beach. It is said the old rates of $2 for grand stand and 75 cents for field stand tickets will then be resumed. The advance to $3 was made at the beginning of the Gravesend meeting which closed yesterday. Results on the whole were far from what the track owners had anticipated. Thousands of persons who visited the tracks daily and formerly paid $2 willingly for the grand stand tickets took to the field where the cost was only $1, and, excepting on half holidays, the crowds have not been uncomfortably large.

Magnificent Building Finished.

New York, June 16.—Work on the exterior of the new granite custom house at Bowling Green in this city has been practically completed and it is thought the building will be ready for occupancy within 15 months. The contractors were only two months behind in completing the exterior work. This has cost $3,000,000, and it is estimated that the interior will require $1,500,000. In all its appointments, the building is said to be the finest of its kind in the world. It is 125 feet high with a frontage of 191 feet on Bowling Green and 278 feet on State and Whitehall streets.

Tired Nervous

When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power,

The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.

Feed the nerves with Dr. Miles' Nervine, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.

"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself being exceedingly nervous when the least excited. She was very restless at night, and never had a good night's rest. She also suffered much from nervous headache. Dr. Miles' Nervine was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment she was wonderfully improved. Continued use of Nervine has completed her entire cure."

THE PRODUCT IS SCARCE

And the Grower is Not Compelled to Sell His Cotton at from Nine to Fourteen Cents a Pound—Only 3,000 Bales Now in Savannah.

William H. Seward, Lincoln's great secretary of State, says that on his way to the Golden Gate on his journey around the world, that on passing a village just across the Missouri river he noticed from the car window a solitary bottle of whiskey conspicuously displayed, under which was written in garish capitals: "Notis—Last Chance—1,000 miles to the next bottle."

This reminds me of Mr. Littlefield's prima-donna-like announcement that this was positively his last appearance and our last chance to sell our cotton at his magnificent offer; that he was about to turn his face towards the Arctic Circle; that he had circled around the cotton patches at old Newnansville and the classic banks of the Santa Fe river and discovered: First—Acreage, titanic. Second—Use of fertilizers, herculean. Third—Prospects, exhilarating.

This being the case on these vast and fertile fields, it must be so too around Valdosta and Statesboro in Georgia. And his deduction was indeed verified by O. B. Stevens, the commissioner of agriculture of Georgia, who tells us: First—Long cotton fields in a measure planted in short cotton on account of sluggish sale. Second—Acreage, diminished. Third — Crops, grassy. Fourth—Labor, scarce. Fifth—Prospects, gloomy.

Now, one report confirming the other in such a marvelous manner, Mr. Littlefield was justified in anticipating an enormous yield and small prices.

Mr. Littlefield is a most amiable young man, but from early youth he has, I hear, been affected with a most treacherous memory. For instance, he forgot to tell us that in Savannah, the largest Sea Island cotton market in the world, the stock is only 3,000 bales today against 10,000 last year at this time.

But he is going to leave us in direful straits. That if we don't take 9 to 14 cents for cotton now we will forever regret it. He expects to lose money on the purchase of course, for it will never bring that price again; for has he not seen the patches around "old Newnansville."

But we hope our friend will not go away. It would be merciful for him to tarry with us awhile longer, and we are told on good authority that "Mercy blesseth twice. It blesseth him who gives and him who receives." No doubt this was poetic license and nothing more, for Shakespeare knew very well that the fellow who bought our cotton at 9 cents was showing us no mercy and blessed only him who gave.

I have a negro on my place with whom I crop on "halves," and who has several bales of cotton unsold, but heavily overdrawn. He wanted a dress for his girl the other day but found himself a bit impecunious. So he came to me and said:

"Boss, let's sell our cotton. I hears Mr. Littlefoot Blankly is buying cotton at de station, and I hears, too, Mr. Jack Williams tell a white man the mill at de Norf where dey make cloff had ninety bales of unginned cotton, and dat was mo dan dey wanted to make cloff wid, so he had better sell."

"You fool," said I, "how much money will you have if you sell your cotton at Mr. Littlefoot's price of 14c, which cost you 17c to make."

"Is dat so, Boss? Let's hold."

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT.

Backache, the First Symptom of Kidney Trouble.

Pe-ru-na Is Invaluable in Such Cases.

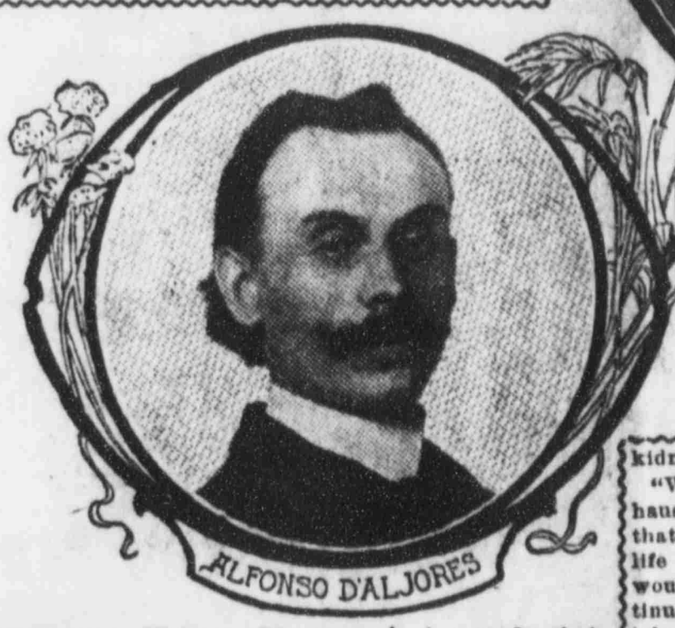
Prominent Persons Who Have Been Cured.

Daniel D. Bidwell, Supervisor, Notary Public and a member of I. O. O. F., 160 Pearl street, Buffalo, N. Y., writes:

"Having used Peruna for a shor time, I desire to write you as to my present condition.

"When I obtained Peruna I was suffering from chronic indigestion and kidney and bladder trouble. It seemed to help the circulation at once. My digestion is now perfect and my kidneys and bladder do not trouble me in any way. In fact, I give Peruna the entire credit.

"Hoping that your remedy will reach all sufferers in a similar case, and thanking you, I remain,"—Daniel D. Bidwell, N. P.



A South American Cured by Pe-ru-na.

Count Alfonso d' Aljores, of 287 Plaza del Torro, Buenos Ayres, South America, while visiting in Chicago, wrote from 247 Cleveland avenue, that city, as follows:

"I used Peruna a short time ago to build up my system, which was all run down from overwork, worry and a cold which had settled in my back and kidneys, causing me serious annoyance and trouble.

"When I returned home from work at night, I was so exhausted and worn out, together with the pain in my back, that I felt I would never be able to take up the burden of life again in the morning, but when morning came I would get out somehow. This dragging through life continued for a couple of months, when I decided I would take Peruna.

"I am glad to state that I found it just the medicine for me. In a couple of months I was restored to perfect health and strength, and my work was no longer a burden. I therefore endorse your medicine as worthy of the confidence of the sick."—Alfonso d' Aljores.

Dangerous Kidney Diseases Cured.

At the appearance of the first symptom of kidney trouble, Peruna should be taken.

This remedy strikes at once the very root of the disease.

It at once relieves the catarrhal kidneys of the stagnant blood, and prevents the escape of serum from the blood.

Peruna stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain.

It gives great vigor to the heart's action and digestive system, both of which are apt to fail rapidly in this disease.

Peruna cures catarrh of the kidneys simply because it cures catarrh wherever located.

A remedy that cures all the catarrhal derangements of the kidneys should certainly be considered a household necessity. Peruna is such a remedy.

A Prominent Merchant Restored to Health By Pe-ru-na.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city, and also a member of the Masonic Order, writes:

"I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised kidney remedies without getting the desired results.

"Peruna is the only remedy which was really of any benefit to me. It seemed to act in perfect harmony with the system, eliminating the poisons, stopping the ravages of the disease and gradually restoring me to health and strength.

We have on file many thousand testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

All correspondence held strictly confidential.

Memphis Banks Form Combine.

Memphis, Tenn., June 16—Announcement was made today that a consolidation of the Memphis Trust company and the National Bank of Commerce, of this city, had been decided on, the merger to take effect about July 15. Both concerns are well known and influential. The capital stock combined institutions, it is said, will be $2,000,000. John T. Fargason, a prominent local merchant and capitalist, will be the president.

Smallpox in North Carolina.

Raleigh N. C. June 16.—The state board of health has issued a bulletin showing the existence of smallpox in 45 of the 98 counties, the disease being scattered from the sea coast to the high mountain region, and being literally all over the state. The disease was never so widespread as it has been for the past six months, though the mortality was quite low, the type of the disease being generally mild.

Killed by Engine Overturning.

Mobile, Ala., June 16.—L. L. Pierce, of this city, in charge of a Louisville and Nashville railroad wrecker, was instantly killed by the overturning of the engine at Magazine Point, a few miles out of this city, while enroute to clear the tracks near Pollard, Ala., where a Louisville and Nashville passenger train was wrecked without fatality.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollom & Co.

Wool Brings High Prices.

San Angelo, Tex., June 16.—The entire eight months spring wool clip of the Concho county, the largest clip of short wool in the state, was sold yesterday. The clip amounted to 1,250,000 pounds, and was bought by two Boston firms. Prices are held strictly secret, but are believed to be between 20 and 22 cents a pound. The 12 months' wool clip, also the largest in the state, amounting to eight or nine hundred thousand pounds, has not yet been sold, but will be disposed of this week. Competition is brisk among the buyers here, every big wool house in the United States is represented. Sheepmen are delighted with the prices, as advance of 6 to 8 cents over last year, and the highest price since 1898.

Duchess' Jewel Found in Field.

Cambridge, England, June 16.—All the jewels of the duchess of Westminster, of which she was robbed last month, and which are estimated to be worth $30,000, have been recovered. They were buried in a field 2 miles out of town. It appears that a former night watchman at Grosvenor house, who was arrested in London, confessed to the theft.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The Tampa City Directory sells for $5 a copy.

A lodge of Boys of Woodcraft will be organized at St. Augustine.

And now Ocala has fallen in line and will no doubt have a Beaver Dam.

The White Springs Herald is making an effort to stop gambling in that place.

Six negro gamblers were arrested in Bradentown and fined $5 and costs each.

The Winter Park ball team is to have new uniforms for the summer campaign.

J. A. Johnson's ten-acre field of cotton at Dunnellon is said to be the finest in that section.

J. S. Perkins' shingle mill at Jennings has been destroyed by fire for the second time this season.

Former deputy clerk of the circuit court, B. H. Burton of Pensacola, is said to be $4,531 short in his accounts.

Capt. R. W. Hudson of Orlando had one of his legs badly injured in the machinery of the peat factory a few days ago.

Governor Broward and wife will spend the summer vacation at Fort George, near Jacksonville, their summer home.

Elkville, formerly Middleton, on the East Coast Railway, will be the name of that settlement in the future. It ought to be named Potatoville.

The Benner New York line of freight vessels to Miami will be one of the biggest things that ever happened. It will be a great boon to business men.

A Tampa negro tried to snatch a lady's purse from her hand, but it contained the coin for her new hat and she hung to it like grim death to a "nigger."

Ed Meadows of Orlando had trouble with a black man named "Uncle Aleck," the latter cutting a bad wound on Meadows' head and then absconding.

The decision of the Supreme Court making slot machines gambling devices, made the Ybor City officers get busy, and 27 of them were captured by the officers.

Charles H. Laney has been elected recorder of Pensacola under the new charter, and in future he will preside at the recorder's court, relieving the mayor of holding municipal court.

The Bradentown Herald is justly indignant because the newspapers of that city have to pay an occupation tax of $5. It would seem that Bradentown should have a missionary sent there.

It is reported at Perry that the South Georgia & West Coast Railway has been sold to the Georgia Southern & Florida Railway. The S. G. & W. C. runs from Adel, Ga., to Sirmans, this State.

The White Springs Herald has been leased from The Herald Company by Joseph N. Smith, who will be editor and manager, with Edward L. Smith as associate editor. Both will put forth an extra effort to improve this sprightly weekly.

The murder of Oscar Brannan at Plant City has stirred up considerable excitement in Hillsborough county. Several prominent men in that community are under suspicion. Judge Wall has sent Detective Depew to the scene and Sheriff Jackson has guaranteed a reward of $150 for the arrest of each of the assassins and $50 additional for the arrest of any persons implicated in the crime.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irratating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

SPECIAL MEETING THE SO...

He says that ... cotton coupons ... members of the union, on ... pons the farmers were each to sta... their cotton acreage was last year, and to write a pledge that it would not exceed a given number of acres this year. He adds:

"I have had every coupon tabulated, and the full report shows a reduction in cotton acreage of 30 1-3 per cent. The late cold, wet weather has caused a still greater reduction in acreage; then the web, or as some call it, the "careless worm," is stripping the foliage off of thousands of acres all over Texas, most of which will have to be planted over even at the late date.

"At the present outlook, this year's crop will not exceed 8,000,000 bales."

Municipal Control of Saloons.

Los Angeles, Cal., June 16.—Initiative petition will be placed in circulation within the next ten days asking the council to adopt an ordinance granting to a "benevolent corporation" the monopoly of the saloon business in Los Angeles. So say the organizers of the corporation which seeks to regulate the liquor traffic of Los Angeles along the line that has made Gothemburg famous. Subscription lists have been in circulation for the last week and a goodly portion of the half million dollars which will be needed to apply the Guthemburg system has already been subscribed.

Three Killed; Sixty Wounded.

Budapest, June 16.—Three killed and 60 wounded are the casualties resulting from a fight between a band of strolling players and villagers at Derekigyhaz, Hungary. The players promised to give an exhibition of cannibalism and a big crowd collected, but when the players did not give the advertised exhibition, the villagers became threatening, whereupon one of the players became realistic and bit a piece from one of the spectator's ears. A general fight ensued.

Foundry Workers Go on Strike.

New York, June 16.—A strike inaugurated by the International Brotherhood of Foundry Employes, against the New York and New Jersey Foundrymen association, has extended rapidly. There are 2,000 men now out here and in New Jersey plants. Today 2,000 brass workers will quit and 1,000 more, including the core makers, will be out by the end of the week. It is claimed every foundry in New Jersey will be closed by the strikers.

Why the Quail Disappear.

Morocco, Ind., June 16.—The Indiana game law has proved ineffectual in perpetuating the quail, and in this county the bird is practically extinct, while in the last four years prairie chickens have thrived. This fact seems to bear out the claim of old hunters that the passing of the quail is due more to the cold winters and a lack of natural shelter, than to the sportman's gun.

Gun Bursts on Battleship.

Gibraltar, June 16.—During gun practice on board the British first-class battle ship Magnificent, off Tetuan, a 6-inch shell exploded. Eighteen persons, including four officers, were wounded, 11 of them seriously. The officers are among the seriously wounded. The explosion was due to a defect in the breech. The shell bursted outside the gun.

The Average Storm Wave.

The average storm wave is thirty feet in height. The highest storm waves ever measured were between forty-four and forty-eight feet high. The gigantic force of storm waves is shown by the fact that at Skerryvore lighthouse, off the west coast of Scotland, a mass of rock weighing five and a half tons was once hurled to a height of seventy-two feet above the sea level, while a mass weighing thirteen and a half tons was torn from a cliff seventy-four feet high.

The Great Man.

It is easy in the world to live after the world's opinion; it is easy in solitude to live after your own, but the great man is he who in the midst of the crowd keeps with perfect sweetness the independence of solitude.—Emerson.

I know of no manner of speaking so offensive as that of giving praise and closing it with an exception.—Steele.

To Scare Away Crows.

I can give a sure preventive against corn pulling by the black rogues. I had tried all sorts of devices and was rigging a scarecrow, when a gawky came along and said, "Tie ears of corn to the tops of poles around your field, and the crows won't stay nigh it."

I said, "They will eat the corn, and you and they will both laugh at me."

I tried the plan, however, and sure enough they looked at those poles and went away and stayed away. I suppose it was on the same principle as that of the Trojan warrior who said, "I most fear the Greeks when offering gifts."—E. P. Powell in Suburban Life.

A Biographical Dictionary.

One of the most helpful books to keep upon your table, ready to be consulted as you read other books, is a biographical dictionary. Then, when you come to some historical character about whom your knowledge is a little faded, it will require but a moment to refresh your memory and make your reading more intelligent. You have a right to the acquaintance of these distinguished men and women and should keep up at least friendly relations with them, if for no other reason than in gratitude for what they have done to make your life pleasant.—St. Nicholas.

Content.

The fountain of content must spring up in the mind, and he who has so little knowledge of human nature as to seek happiness by changing anything but his own disposition will waste his life in fruitless efforts and multiply the griefs which he purposes to remove.—Johnson.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The Tampa City Directory sells for $5 a copy.

A lodge of Boys of Woodcraft will be organized at St. Augustine.

And now Ocala has fallen in line and will no doubt have a Beaver Dam.

The White Springs Herald is making an effort to stop gambling in that place.

Six negro gamblers were arrested in Bradentown and fined $5 and costs each.

The Winter Park ball team is to have new uniforms for the summer campaign.

J. A. Johnson's ten-acre field of cotton at Dunnellon is said to be the finest in that section.

J. S. Perkins' shingle mill at Jennings has been destroyed by fire for the second time this season.

Former deputy clerk of the circuit court, B. H. Burton of Pensacola, is said to be $4,531 short in his accounts.

Capt. R. W. Hudson of Orlando had one of his legs badly injured in the machinery of the peat factory a few days ago.

Governor Broward and wife will spend the summer vacation at Fort George, near Jacksonville, their summer home.

Elkville, formerly Middleton, on the East Coast Railway, will be the name of that settlement in the future. It ought to be named Potatoville.

The Benner New York line of freight vessels to Miami will be one of the biggest things that ever happened. It will be a great boon to business men.

A Tampa negro tried to snatch a lady's purse from her hand, but it contained the coin for her new hat and she hung to it like grim death to a "nigger."

Ed Meadows of Orlando had trouble with a black man named "Uncle Aleck," the latter cutting a bad wound on Meadows' head and then absconding.

The decision of the Supreme Court making slot machines gambling devices, made the Ybor City officers get busy, and 27 of them were captured by the officers.

Charles H. Laney has been elected recorder of Pensacola under the new charter, and in future he will preside at the recorder's court, relieving the mayor of holding municipal court.

The Bradentown Herald is justly indignant because the newspapers of that city have to pay an occupation tax of $5. It would seem that Bradentown should have a missionary sent there.

It is reported at Perry that the South Georgia & West Coast Railway has been sold to the Georgia Southern & Florida Railway. The S. G. & W. C. runs from Adel, Ga., to Sirmans, this State.

The White Springs Herald has been leased from The Herald Company by Joseph N. Smith, who will be editor and manager, with Edward L. Smith as associate editor. Both will put forth an extra effort to improve this sprightly weekly.

The murder of Oscar Brannan at Plant City has stirred up considerable excitement in Hillsborough county. Several prominent men in that community are under suspicion. Judge Wall has sent Detective Depew to the scene and Sheriff Jackson has guaranteed a reward of $150 for the arrest of each of the assassins and $50 additional for the arrest of any persons implicated in the crime.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irratating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

STRIPPING ALL OVER.

Crop Outlook in Lone Star State is Gloomy.

Dallas, Tex., June 16.—John T. Garner, [illegible] and manager of the cotton department of the Farmers' [illegible] has issued a cotton report showing [illegible] of cotton as per sworn [illegible] from union and nonunion [illegible] through the southern cotton [illegible]

He says that about January 1, 150,000 cotton coupons were sent out to members of the union, on which coupons [illegible] farmers were each to state [illegible] cotton acreage was last [illegible] to write a pledge that it would not exceed a given number of acres this year. He adds:

"I have had every coupon tabulated, and the full report shows a reduction in cotton acreage of 30 1-3 per cent. The late cold, wet weather has caused a still greater reduction in acreage; then the web, or as some call it, the "careless worm," is stripping the foliage off of thousands of acres all over Texas, most of which will have to be planted over even at the late date.

"At the present outlook, this year's crop will not exceed 8,000,000 bales."

Municipal Control of Saloons.

Los Angeles, Cal., June 16.—Initiative petition will be placed in circulation within the next ten days asking the council to adopt an ordinance granting to a "benevolent corporation" the monopoly of the saloon business in Los Angeles. So say the organizers of the corporation which seeks to regulate the liquor traffic of Los Angeles along the line that has made Gothemburg famous. Subscription lists have been in circulation for the last week and a goodly portion of the half million dollars which will be needed to apply the Guthemburg system has already been subscribed.

Three Killed; Sixty Wounded.

Budapest, June 16.—Three killed and 60 wounded are the casualties resulting from a fight between a band of strolling players and villagers at Derekigyhaz, Hungary. The players promised to give an exhibition of cannibalism and a big crowd collected, but when the players did not give the advertised exhibition, the villagers became threatening, whereupon one of the players became realistic and bit a piece from one of the spectator's ears. A general fight ensued.

Foundry Workers Go on Strike.

New York, June 16.—A strike inaugurated by the International Brotherhood of Foundry Employes, against the New York and New Jersey Foundrymen association, has extended rapidly. There are 2,000 men now out here and in New Jersey plants. Today 2,000 brass workers will quit and 1,000 more, including the core makers, will be out by the end of the week. It is claimed every foundry in New Jersey will be closed by the strikers.

Why the Quail Disappear.

Morocco, Ind., June 16.—The Indiana game law has proved ineffectual in perpetuating the quail, and in this county the bird is practically extinct, while in the last four years prairie chickens have thrived. This fact seems to bear out the claim of old hunters that the passing of the quail is due more to the cold winters and a lack of natural shelter, than to the sportman's gun.

Gun Bursts on Battleship.

Gibraltar, June 16.—During gun practice on board the British first-class battle ship Magnificent, off Tetuan, a 6-inch shell exploded. Eighteen persons, including four officers, were wounded, 11 of them seriously. The officers are among the seriously wounded. The explosion was due to a defect in the breech. The shell bursted outside the gun.

The Average Storm Wave.

The average storm wave is thirty feet in height. The highest storm waves ever measured were between forty-four and forty-eight feet high. The gigantic force of storm waves is shown by the fact that at Skerryvore lighthouse, off the west coast of Scotland, a mass of rock weighing five and a half tons was once hurled to a height of seventy-two feet above the sea level, while a mass weighing thirteen and a half tons was torn from a cliff seventy-four feet high.

The Great Man.

It is easy in the world to live after the world's opinion; it is easy in solitude to live after your own, but the great man is he who in the midst of the crowd keeps with perfect sweetness the independence of solitude.—Emerson.

I know of no manner of speaking so offensive as that of giving praise and closing it with an exception.—Steele.

SPECIAL RATE TO BUFFALO.

Via Seaboard Air Line Account Session of B. P. O. E.

The Seaboard Air Line Railway has been designated by the Florida Elks' Association as their official route from Florida to the Grand Lodge Session at Buffalo. It is the desire to operate a Florida Elks' special train to leave Tampa at 8 p. m. July 8th, and Jacksonville at 9 a. m. July 9th. The train to consist of dining, baggage car and drawing room Pullman sleepers through to Buffalo without change. The route of travel will be via Seaboard to Richmond, passing through Savannah, Columbia, Camden and Raleigh; R. F. & P. to Washington, and Penn. R. R. Washington to Buffalo. Only seventy-five passengers are required to secure this special train service.

Round-trip rates to Buffalo and return from Gainesville, $34.95.

Passengers from Miami and Key West will re-purchase at Jacksonville.

Through Pullman sleepers for Buffalo will positively leave Tampa at 8 p. m. July 8th and Jacksonville 9 a. m., July 9th for the Elks and their friends. Secure your Pullman sleeping car space now.

Tickets on sale at rates named for all trains July 8th, 9th and 10th, but in order to reach Buffalo for the opening session ask for sleeping car reservation on the Florida Elks' Special.

A day in Washington sight-seeing and visiting the government buildings has been arranged.

Stop-overs of ten days, within final limit on all extended tickets, has been arranged on the return trip at Philadelphia, Baltimore and Washington.

A trip to New York can be taken in conveniently on side-trip rates of $4. Philadelphia to New York and return, good six days.

The Florida delegation will be personally conducted by James F. Taylor, traveling passenger agent of the Seaboard, Tampa, Fla.

For sleeper reservations or other information write S. C. Boylston, Jr., passenger agent, or A. O. MacDonell, assistant general passenger agent, Jacksonville, Fla.

To Scare Away Crows.

I can give a sure preventive against corn pulling by the black rogues. I had tried all sorts of devices and was rigging a scarecrow, when a gawky came along and said, "Tie ears of corn to the tops of poles around your field, and the crows won't stay nigh it."

I said, "They will eat the corn, and you and they will both laugh at me."

I tried the plan, however, and sure enough they looked at those poles and went away and stayed away. I suppose it was on the same principle as that of the Trojan warrior who said, "I most fear the Greeks when offering gifts."—E. P. Powell in Suburban Life.

A Biographical Dictionary.

One of the most helpful books to keep upon your table, ready to be consulted as you read other books, is a biographical dictionary. Then, when you come to some historical character about whom your knowledge is a little faded, it will require but a moment to refresh your memory and make your reading more inteiligent. You have a right to the acquaintance of these distinguished men and women and should keep up at least friendly relations with them, if for no other reason than in gratitude for what they have done to make your life pleasant.—St. Nicholas.

Content.

The fountain of content must spring up in the mind, and he who has so little knowledge of human nature as to seek happiness by changing anything but his own disposition will waste his life in fruitless efforts and multiply the griefs which he purposes to remove.—Johnson.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

W. D. Richey of Ocala, the clever representative of the Cudahy Packing Company, was at the Brown House yesterday.

W. B. Alexander of Baltimore, representing J. Schoneman, the Pants King, was in the city yesterday in the interests of his trade.

R. M. Chamberlain, the geinal, clever agent of the Gainesville and Gulf railway at Tacoma, was among the visitors to the city yesterday. He brought his laugh with him.

Wanted—Orders for Victor Talking Machine and records. Retail orders five dollars up delivered free. Old records and machines exchanged. Metropolitan Talking Machine Co., Jacksonville, Fla.

Reginald Futch, who has been attending St. Leo College, has returned to this city and expects to remain here until the opening of the school in the fall. Reginald's friends are glad to welcome him again.

W. S. Jackson of Lake View, one of the leading farmers of that section, was transacting business in this city yesterday. Mr. Jackson states that a fine rain visited that section Tuesday and that the crops were greatly benefited.

J. M. Thomas, the clever and successful traveling representative of the Schofield Iron Works of Macon, Ga., who makes his headquarters in this city, left yesterday for Bartow and other points in South Florida, where he goes in the interest of his firm.

Mr. B. K. Thrower, Jr., of Gainesville, left Ocala Wednesday in a team. When a few miles from Ocala, near Oak Lawn, the horses ran away and smashed the vehicle. Mr. Thrower was unhurt and returned to the city on the afternoon train.—Ocala Banner.

R. R. Tison of Fannin, a prominent merchant of that town, has returned to his home after a business visit to this city. Mr. Tison is an ex-student and graduate of East Florida Seminary and naturally is very desirous of the Seminary winning in the State University contest.

Rev. T. J. Nixon, pastor of Kavanaugh Methodist Church, will preach specially to the young people on Sunday morning. He requests all the parents of the congregation to help him in securing the attendance of the children at this service. Come and bring the children with you.

Mrs. C. P. McGrath of Ocala and Mrs. J. A. Terrell of Tampa have returned to their respective homes, after a pleasant visit to Mrs. J. N. Strobhar in this city. These ladies made many friends while here who regretted to see them leave, and who hope they will decide to make a return visit at no distant day.

Remember the Gainesville & Gulf has round trip rates to White Springs on Sundays at only $1. Train leaves Gainesville at 6:30 a. m., returning at 9:30 p. m., and affording a whole day at this favorite resort. Cheaper than hiring a buggy, and passengers are enabled to spend a day on the banks of the famous old Suwanee river. tf.

READ THIS.

Dothen, Ala., July 13, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with any kidney trouble as being the best remedy we ever sold. Yours truly, J. R. Young.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all druggists.

MISS N. NORTON,

NOTIONS AND NOVELTIES.

Successor to

MRS. J. A. AMMONS

O. L. Feaster of Micanopy was one of those who paid the county capital a visit yesterday.

While ground is in season see Merchant & Co. for seed peas—Whippoorwill, Unknown and mixed stock.

W. W. Stripling, the clever and efficient traveling representative of the C. B. Van Deman Company, wholesale grocers, Jacksonville, departed yesterday for Ocala and other points, after a visit to the merchants here in the interest of his firm.

Vance Prather of New Orleans, representing King & Saint, manufacturers of flavoring extracts, tomato catsup, sauces, etc., has been at the Brown House for two or three days. Mr. Prather is well known in this territory, having been traveling here for some time, but is working this line for the first time here and is enjoying a fine trade.

Among the prominent visitors to this city yesterday was Hon. J. A. Rosborough of Windsor, who came to Gainesville on business. Mr. Rosborough represented Alachua county at the session of the Legislature just closed in a most competent and faithful manner, and his services are appreciated by his constituents. As a representative Mr. Rosborough was fair and impartial.

Miss Roberta Purse, a charming young lady of Savannah, has arrived in the city, and for the next few days will be the guest of Colonel and Mrs. J. N. Strobhar. Miss Purse has visited this city on several previous occasions, and has many friends here who are always delighted to greet her. Being possessed of a most charming, hospitable and agreeable disposition, she makes a friend of every one she meets and every one who has known her will be pleased to meet her again.

PHIFER BROS.,

Phifers' Corner, Gainesville, Florida.

Herbert Merry of Micanopy was trading in the city yesterday.

B. F. McCall, Jr., formerly of this county, but now located at Citra, where he is extensively engaged in the naval stores business, is in the city, having come on business. Friends are glad to see him.

Miss Lena Pomroy, who has been a guest of the family of Hon. John A. Rosborough of Windsor for several weeks, accompanied Mr. Rosborough and young son to this city yesterday. Miss Pomroy expects to leave for Hendersonville, N. C., next week.

R. T. Schafer, the baker of North Gainesville, has purchased a fine Iver-Johnson bicycle for his convenience. Mr. Schafer frequently has occasion to attend lodge meetings and other business in the city in the evening, when his wheel will come in handy.

J. H. Manners, the clever representative of the International Harvesting Machine Company of Chicago, who makes his headquarters in this city, left yesterday for points on the East Coast, where he goes in the interest of his firm. Mr. Manners is an expert in farm machinery, and inasmuch as he is handling the best on the market in this line has no trouble in making sales.

Friends of Conductor Chas. Carter of the Atlantic Coast Line will regret to learn that he met with an accident at Kendrick Wednesday which will incapacitate him for a few days. While stepping from a car Conductor Carter had the misfortune to sprain his ankle. He came to this city Thursday night and yesterday morning proceeded to his home in Micanopy, where he will be "laid up" for medical attention.

Joseph Ettel, the clever landlord at the Brown House, who takes a great pride in his aquarium and menagerie, sustained a loss Wednesday which will be hard to replace, one of his handsome quajaries or water pheasants having passed to quajarie heaven, if there is such a place. It was a beautiful bird and was secured by Mr. Ettel as a mate for a bird he has had for several months. It came from the wilds of Gulf Hammock and was secured at great expense.

Mrs. J. F. McKinstry, jr., has received telegraphic information that her husband, who left here Tuesday for Boston, arrived in New York safely, and it is natural to suppose that by this time he has arrived at his destination. Dr. McKinstry has been indisposed for several weeks, and went North with the hope that the change of climate might prove beneficial to him. He expects to be away for about a month. Friends hope that he will be greatly benefited by the change.

Prof. J. H. Fulks, former principal of the Gainesville Graded and High School and the Archer school, and who is interested in farming in this county and at Center Hill, was in the city yesterday. Prof. Fulks has a general farm at Kanapaha, among which is a nice acreage of cantaloupes. He has at Center Hill a crop of watermelons which have so far shown indications of a fine yield and will no doubt bring him good returns, since the varieties are of the choicest. He has already made a shipment and expects shortly to hear favorably from the commission merchants to whom he consigned his fruit.

A brick curbing is being laid at the intersection of E. Seminary and N. Franklin streets, which is destined to keep the feet of pedestrians dry, and the pedestrians comfortable and in a good humor. The water has been accumulating at this corner after a rain in a distressing "deepness," and those desiring to cross the street were required to take a round-about way. With this improvement the water will be promptly carried away and the crossings will be relieved, which will be appreciated by those who have occasion to pass that way—especially in the dark. The work is being casually superintended by Mr. Abbott, who makes suggestions that are carried out, and there is an assurance that the "job" will be satisfactory.
